CITY COUNCIL STAFF REPORT

Item A2

Department: Fire
Date: 4/8/25
Placement: Consent

TO: JAMES R. LEWIS, CITY MANAGER

FROM: CASEY BRYSON, FIRE CHIEF

PREPARED BY: KELLY AREBALO, ADMINISTRATIVE ASSISTANT

SUBJECT: Declare Vegetative Growth and/or Refuse a Public Nuisance

RECOMMENDATION:

Council adopt Draft Resolution, declaring vegetative growth and/or refuse a public nuisance, commencing proceedings for the abatement of said nuisances, and placing all abatement fees on the San Luis Obispo County Special Tax Assessment for the fiscal year 2025-2026 Tax Roll.

REPORT IN BRIEF:

Adoption of the Draft Resolution declaring vegetative growth and/or refuse a public nuisance is required for the contractor to abate privately owned parcels without the consent of the property owner, as well as placing all assessment fees on the tax roll.

DISCUSSION:

The Municipal Code, Section 6-13.03, addresses the abatement of vegetative growth and/or refuse, which constitutes a hazard. Adoption of the Draft Resolution is the first step in this annual program, which requires City Council action. Atascadero Fire & Emergency Services (AFES) conducted its initial inspections March 2025. There are approximately 11,282 parcels within the City. Notices are mailed to the recorded property owner of each parcel listed declaring that their parcel is an existing, future, or "potential" hazard. AFES advises that it considers a parcel a future or "potential" hazard if the parcel is not completely landscaped or irrigated and/or there is a potential for weed growth (6-13.01). The list of parcels identified to have vegetative growth and/or refuse, which are or may become a public nuisance, is available for review in the Office of the City Clerk and with AFES.

FISCAL IMPACT:

The City recovers costs for administering this program. Parcels not abated are charged the contractor fee for abatement, plus a charge equal to 166% of the contractor's fee and a flat fee of \$291 to abate. The total charge is placed on the San Luis Obispo County Special Tax Assessment for the fiscal year 2025-2026 Tax Roll.

REVIEWED BY OTHERS:

This item has been reviewed by the Fire Chief and Deputy Administrative Services Director.

DRAFT RESOLUTION

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ATASCADERO, CALIFORNIA, DECLARING VEGETATIVE GROWTH (NOXIOUS WEEDS) AND/OR REFUSE A PUBLIC NUISANCE

WHEREAS, the Atascadero Fire & Emergency Services (AFES) conducted parcel inspections throughout the City of Atascadero in late March 2025; and

WHEREAS, AFES considers a property, land, or lot a future or “potential” hazard if the property, land, or lot is not completely landscaped or irrigated and/or there is a potential for weed growth; and

WHEREAS, property, lands, or lots in the City were identified as having existing, future, or “potential” hazards that are considered to be a public nuisance; and

WHEREAS, AFES is commencing proceedings for the abatement of said nuisances; and

WHEREAS, abatement fees will be placed on the San Luis Obispo County Special Tax Assessment for the Fiscal Year 2025-2026 Tax Roll.

NOW, THEREFORE BE IT RESOLVED, by the City Council of the City of Atascadero:

SECTION 1. That vegetative growth (noxious weeds) and/or refuse are, or may become, a hazard and hereby declared to be a public nuisance which should be abated for the reasons that vegetative growth may attain such a large growth as to become a fire menace and/or drainage restriction, when mature and said refuse may become a public nuisance, thereby creating a hazard to public health and safety.

The City Council of the City of Atascadero finds and declares that vegetative growth (noxious weeds) and/or refuse on specified parcels of property are seasonal and recurrent nuisances. Such seasonal and recurrent nuisances shall be abated in accordance with the provisions of City and State laws. No further hearings need to be held, and it shall be sufficient to mail a notice to the owner of the property as their address appears upon the current assessment roll.

SECTION 2. A description of the parcel of lots of private property upon which, or in front of which, said nuisances are or may become a hazard, according to the official Assessment Map of said City of Atascadero, shall be posted annually in the office of the City Clerk and referred to as Exhibit A, attached hereto and incorporated herein by this reference.

SECTION 3. The City Clerk or designee is hereby ordered and directed to mail written notices of the proposed abatement to all persons owning property described in accordance with Section 6-13.08 of the Atascadero Municipal Code.

SECTION 4. Pursuant to Section 6-13.10 of the Atascadero Municipal Code, the City Council shall hear and consider all objections or protests to the required removal of said vegetative

growth and/or refuse. The City Clerk shall post a copy of the public hearing notice in accordance with the Ralph M. Brown Act.

SECTION 5. Pursuant to Section 6-13.17 of the Atascadero Municipal Code, if the owner does not abate the hazard, it will be abated by the City contractor. The cost of the abatement plus a \$291 flat fee and 166% administrative fee and County fee will be assessed upon the County property tax bill and constitute a lien upon such land until paid.

PASSED AND ADOPTED at a regular meeting of the City Council held on the 8th day of April 2025.

On motion by _____ and seconded by _____, the foregoing Resolution is hereby adopted in its entirety on the following roll call vote:

City of Atascadero
FIRE & EMERGENCY SERVICES

NOTICE

Dear Atascadero Property Owner,

Weed abatement season is underway, and Atascadero Fire & emergency Services has recently conducted parcel inspections throughout the City. As part of our commitment to fire safety, and in accordance with the Atascadero Municipal Code, Section 6-13.08, we are notifying property owners of identified fire hazards to help reduce wildfire risks in our community.

Please be advised that nearly half of the parcels within the City, including your property has been identified as an existing, future or potential fire hazard. A parcel may be classified as a future or potential hazard if it is not completely landscaped or irrigated and/or has a potential for vegetative growth that may require abatement, including grazing.

To comply with fire safety regulations, please complete any necessary abatement work by June 1st. After this deadline, Atascadero Fire & Emergency Services will conduct follow-up inspections. If your property meets compliance standards at that time, no further action will be needed. If it is not, a notice will be placed on your door or posted on the property, and abatement work will proceed as necessary.

We appreciate your cooperation in helping to maintain a safe and fire-resilient community. If you have any questions or need further information, please feel free to contact us.

Thank you for your attention to this important matter.

NOTICE TO REMOVE VEGETATIVE GROWTH (NOXIOUS WEEDS) AND /OR REFUSE

Notice is hereby given that on the 8th day of April 2025, the City Council passed a Resolution declaring that vegetative growth (noxious weeds) and refuse constitute a fire hazard, and health and safety hazard, which must be abated by the cutting (no grading) of said vegetative growth (noxious weeds), and/or removal of refuse which constitutes said health and safety hazard. If the property owner does not abate the noxious weeds and/or refuse by **June 1, 2025**, it will be abated by the City, and the cost of the abatement will be assessed upon the County property tax bill and will constitute a lien upon such land until paid. The City recovers costs for administering this program through a \$291 flat fee and 166% administrative fee. Reference is hereby made to the Resolution for further particulars and Municipal Code Sections 6-13.01 through 6-13.17. A copy of said Resolution is on file in the Office of the City Clerk.

All property owners having any objections to the proposed removal of the hazard are encouraged to attend the meeting of the City Council of the City of Atascadero to be held on **May 13, 2025 at 6:00 p.m.** when their objections will be heard and given due consideration.

Dated this 9th day of April, 2025

Casey D. Bryson
Fire Chief
City of Atascadero

Working together to **serve**, build **community** and enhance **quality of life**.

THE DEADLINE FOR WEED/REFUSE ABATEMENT COMPLIANCE IS JUNE 1, 2025

Starting June 1, 2025, the City's contractor will begin the abatement process for parcels that have not yet met compliance requirements. If the property is found to be in compliance when the contractor arrives, a notation will be made confirming that the owner completed the necessary abatement, and no further action will be taken. If abatement is required, the associated contractor fees, along with any applicable City and County fees/fines will be assessed on the County's tax roll.

The Fire Chief has established the following requirements:

CLEARANCE REQUIREMENTS OF VEGETATIVE GROWTH (NOXIOUS WEEDS) - Maximum height of 4 inches

- a. Located within 100 feet of any building or structure, or to the property line, whichever is nearer.
- b. Located within 50 feet from the edge of any improved roadway.
- c. Located within 50 feet from each property line.
- d. Located within 10 feet on each side of driveways.
- e. Grading or movement of soil may require a permit.

EXEMPTIONS:

- a) Animal pastures and agricultural fields growing hay or grains. The interior portion of fenced pastures where the quantity of livestock significantly reduces the vegetative growth, therefore bringing the parcel into compliance. Agricultural fields must be cut at harvest time. Uncut hay and grain is subject to abatement.
- b) Habitat for endangered or threatened species or any species that is a candidate for listing as an endangered or threatened species by the State of California or Federal Government.
- c) Land kept in a predominantly natural state as habitat for wildlife, plant, or animal communities.
- d) Open space lands that are environmentally sensitive parklands.
- e) Other lands having scenic values.

Abatement requirements shall remain in effect in waterways where flood preparation measures and emergency flood control mitigation is necessary.

- 1) This exemption applies whether the land or water are held in fee title or any lesser interest. This exemption applies to any public agency, and private entity that has dedicated the land or water areas to one or more of those purposes or uses, or any combination of public agencies and private entities making that decision.
- 2) This section shall not be construed to prohibit the use of properly authorized prescribed burning to improve the biological function of land or to assist in the restoration of desired vegetation.
- 3) In the event that any lands adjacent to land or water areas, as described above, are improved such that they are subject to this chapter, the obligation to comply with Section 6-13.04 shall be with the person owning, leasing, controlling, operating, or maintaining the occupied dwelling or occupied structure on the improved lands. All maintenance, activities, and other fire prevention measures required by Section 6-13.04 shall be required only for the improved land, and water areas as described above.

Questions regarding weed abatement may be directed to (805) 470-3300 or by writing to: City of Atascadero, Fire & Emergency Services, Fire Marshal, 6500 Palma Ave., Atascadero, CA 93422.

SUBJECT: Atascadero Tourism Business Improvement District (ATBID) Destination
Marketing Contract Award

RECOMMENDATION:

The Atascadero Tourism Business Improvement District (ATBID) Advisory Board recommends Council:

Authorize the City Manager to execute a contract with Verdin Marketing Ink Co. for ATBID Destination Marketing Services in the amount of \$265,000 for fiscal year 2025/2026 and \$295,000 for fiscal year 2026/2027. The contract will have the option for up to three one-year extensions if approved by the ATBID Advisory Board.

DISCUSSION:

In 2013, the lodging businesses in Atascadero requested the establishment of the “Atascadero Tourism Business Improvement District” (ATBID) to levy annual assessments under the Parking and Business Improvement Area Law of 1989. Tourism promotions and marketing programs to promote the City as a tourism destination are funded by the levied assessments against Lodging Businesses within the ATBID.

In March of 2015, the Council awarded a contract to Verdin Marketing Ink Co. (Verdin), a local marketing company located in San Luis Obispo, for ATBID public relations and marketing services. In December of 2019, the Council awarded the contract again to Verdin to continue marketing and public relations services. At that time, there were no proposals submitted.

On January 27, 2025, a Request for Proposals (RFP) was issued to solicit destination marketing services with a submission deadline of February 10, 2025. There were seven proposals submitted,

including Verdin's. An ad hoc committee was assigned by the ATBID Board to review the marketing proposals and bring back a recommendation. They reviewed seven proposals with only two finalists that qualified for consideration. Out of the two, one agency was out of the area and would not be able to provide the level of service that the finalist, Verdin Marketing, could provide. The ad hoc committee made a recommendation to the ATBID Board on March 19, 2025 to hire Verdin Marketing. Given the quality of work and high level of service Verdin has provided over the last ten years, the Advisory Board recommends Council authorize a new two-year contract with Verdin Marketing Ink Co. for fiscal years 2025/2026 and 2026/2027. The contract will have the option for up to three one-year extensions if approved by the ATBID Advisory Board but not extend past June 30, 2030. At that time, the ATBID Advisory Board will seek a new request for proposal.

FISCAL IMPACT:

Awarding a contract to Verdin will authorize expenditures of ATBID funds in the amount of \$265,000 and \$295,000, in fiscal years 2025/2026 and 2026/2027, respectively. The contract will have an option to renew for up to three one-year extensions if approved by the ATBID Advisory Board.

ALTERNATIVES:

The City Council may choose not to hire Verdin and to refer this issue back to the ATBID Board with direction.

CITY OF ATASCADERO

CITY COUNCIL STAFF REPORT

Item B1

Department: Community Development
Date: 04/08/2025
Placement: Public Hearing

TO: JAMES R. LEWIS, CITY MANAGER
FROM: PHIL DUNSMORE, COMMUNITY DEVELOPMENT DIRECTOR
PREPARED BY: KELLY GLEASON, PLANNING MANAGER

SUBJECT: Extended Occupancy Hotels and Motels

RECOMMENDATIONS:

Planning Commission recommends Council:

1. Introduce for first reading, by title only, Draft Ordinance to amend Title 9, Planning and Zoning, adding extended stay hotel/motel as a use, modifying definitions, and providing standards for such uses, based on findings.
2. Adopt Draft Resolution establishing a three percent (3%) extended stay administrative use permit fee for extended stay hotels and motels.

DISCUSSION:

BACKGROUND

The purpose of a hotel, motel or similar lodging facility is to accommodate short term or “transient” lodging within a commercial zoning district. Long-term stays typically fit the definition of a residential unit such as a house or apartment. Such long-term residential uses are typically not allowed within commercial zones unless approved as part of a mixed-use project. Short term lodging units are different than long term residential units in that they are subject to different building codes, fees, and taxes and have different neighborhood compatibility concerns. The City’s definition for “hotels and motels” requires all stays to be less than 30-days to remain commercial in nature. Consistent with State law, short-term stays are subject to transient occupancy tax (TOT), while stays over 30 days are not.

In order to compete with the Airbnb market, hotels are increasing the number of units that provide kitchens. Additionally, hotels and motels rely on renting a portion of their rooms to long-term stays to help balance occupancy during slower seasons. These rooms are often occupied by traveling nurses or seasonal contractors. With increasing interest in the extended stay hotel model, local hoteliers are looking for options to allow flexibility on the length of stay while remaining a commercial, transient oriented business. A new definition for extended stay hotels and motels, as

well as establishing standards for the operation of such, is proposed to increase opportunities for local hotel operators.

ANALYSIS:

Traditional hotels are facing significant competition from the residential short-term rental market and are modifying their operations to maintain occupancy. Staff has interviewed multiple hotel owners and found that lodging economic trends have changed such that they need an option to provide long-term stays to balance their revenue and staffing. These hotels are also seeking options to install a greater number of kitchens within hotel rooms.

In response to increased demand for kitchens in hotels, the City amended the Municipal Code in 2024 to allow for limited kitchen facilities in hotel rooms, subject to findings and requirements. When kitchens are included in hotel rooms, the Atascadero Municipal code requires recordation of a deed restriction limiting stays to less than 30-days. This deed restriction ensures that the unit would be subject to Transient Occupancy Tax (TOT) payment and not be considered a residential apartment. The Municipal Code definition of a hotel or motel includes the TOT and short term stay stipulation; however the recordation of a deed restriction provides the City with greater enforcement ability. Establishing a new land use and definition for an *Extended Stay Hotel/Motel* would allow the City to regulate and set standards for the operation of hotels that want to offer flexibility in length of stay.

CODE TEXT AMENDMENTS

The proposed Zoning Code text amendment (ZCH24-0107) would create a definition for an *Extended Stay Hotel/Motel* and create a set of required standards to establish and operate this use. Extended stay hotels would be permitted through an Administrative Use Permit process in all zoning districts where transient lodging is allowed and a conditional Use Permit where standard hotels require such. The use permit process ensures compliance with conditions and regulations governing certain operating procedures. Standards for these extended stay lodging uses are proposed to be added as section 9-6.186, and include the following provisions:

- Requires extended stay guests to have access to all the same amenities and services as short term hotel guests;
- Requirement for the operator to enter into an agreement with the City outlining fees and operating requirements.
- Sets a maximum of 20% of an operator's annual revenue for extended stays to ensure that tourism remain a primary focus of the business
- Establishes a penalty fee for violations of the agreement

The amendments include modifications to other sections of the code for clarity, as follows:

1. Changing the definition of Recreational Vehicle Parks to limit them to short-term stays only;
2. Modification to the kitchen allowances for hotels to clarify that hotels with kitchens in more than 10% of rooms would need to fall into the category of an extended-stay hotel land use.

Staff is recommending a minor change to the text language (9-6.186(a)(3)) for clarity, as follows:

- (3) The operator (as defined in Section 3-3.02) must enter into an agreement with the City that sets forth the conditions of extended-occupancy that includes, but is not limited to: an extended-occupancy fee payable by the operator for each day of occupancy ~~over 30 days or portion thereof~~, penalties for non-compliance, and maximum length of occupancy. The agreement will be recorded against the property.

This will clarify that any days under extended stay contract are subject to the provisions of this section and the provisions of the Agreement, not just the days over the 30-day threshold.

EXTENDED STAY ADMINISTRATIVE USE PERMIT FEE

The use permit process will allow the City to require that the property owner and operator enter into an agreement with the City specifying the terms of the extended stay fee and operating parameters. The agreement will include the maximum percentage of revenue, consistent with the code language discussed above, as well as establish penalties and procedures for modifications. The attached resolution will add a 3% fee on all revenue associated with extended stays to the City's fee schedule as an Extended Stay Administrative Use Permit fee. The fee is intended to cover the costs associated with the City's regulatory program to administer the agreements, conduct compliance investigations and audits, and otherwise enforce the rules limiting the scope of extended stay uses on properties that would otherwise be required to be used for transient lodging only.

CONCLUSION

With a changing trend toward more independent lodging amenities and longer stays, the City is proposing amendments to the Municipal Code to provide flexibility to local hotel operators while ensuring land use and revenue standards are maintained for transient lodging uses. This amendment would apply Citywide for all new hotels, motels, and related lodging facilities that want to offer an extended stay option.

ENVIRONMENTAL DETERMINATION:

The California Environmental Quality Act (CEQA), Section 15061(3)(b), exempts activities which are covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. The proposed text amendment will not have any significant adverse environmental impacts.

ALTERNATIVES:

1. The City Council may make modifications to the proposed text amendments.
2. The City Council may determine that more information is needed on some aspect of the project and may refer the item back to staff to gather the additional information.

3. The City Council may deny the proposed amendments and direct staff not to move forward with an extended stay option.

FISCAL IMPACT:

Establishing a program to create an option for extended transient stays for hoteliers is estimated to generate between \$30,000 to \$50,000 in General Fund revenues annually, with associated costs of administering and enforcing the program in an amount that will vary depending on the number of properties wishing to apply for the administrative use permit.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF ATASCADERO HEREBY ORDAINS AS FOLLOWS:

SECTION 1. Recitals. The above recitals are true and correct and incorporated herein as if set forth in full.

SECTION 3. Public Hearing. The City Council held a duly noticed public hearing to consider the Amendment on April 8, 2025, and considered testimony and reports from staff and the public.

SECTION 4. Findings for Approval. The City Council makes the following findings and determinations for approval of the proposed Zoning Text Amendment:

A. Findings for Zone Text Amendment:

1. **FINDING:** The Planning and Zoning Text Change is consistent with General Plan policies and all other applicable ordinances and policies of the City.

FACT: The proposed zoning code text updates are consistent with the General Plan. The modifications to the definitions and establishment of standards to allow for extended stay hotels and motels furthers the City's economic development goals and expands use opportunities through commercial areas.

2. **FINDING:** This Amendment of the Zoning Ordinance will provide for the orderly and efficient use of lands where such development standards are applicable.

FACT: The proposed text expands extended stay options for hotels and motels while maintaining the commercial nature of the use through the adoption of development standards and will not affect the use of land designated for such uses.

3. **FINDING:** The Text Change will not, in itself, result in significant environmental impacts.

FACT: The proposed text amendment is minor and will not result in a physical environment impact. Hotel and motel uses remain allowed in locations designated by the Atascadero Municipal Code.

SECTION 5. CEQA. This Ordinance is exempt from the California Environmental Quality Act (CEQA), Public resources Code Section 21000 et seq., because it can be seen with certainty that there is no possibility that the enactment of this Ordinance would have a significant effect on the environment (Pub. Resources Code § 21065; CEQA Guidelines §§ 15378(b)(4), 15061(b)(3).

SECTION 6. Approval. The City Council of the City of Atascadero, in a regular session assembled on April 8, 2025, resolved to introduce, for first reading by title only, an Ordinance that would amend the Title 9 of the Atascadero Municipal Code as shown in Exhibit A.

SECTION 7. Interpretation. This Ordinance must be broadly construed in order to achieve the purposes stated in this Ordinance. It is the City Council's intent that the provisions of this Ordinance be interpreted or implemented by the City and others in a manner that facilitates the purposes set forth in this Ordinance.

SECTION 8. Preservation. Repealing of any provision of the Atascadero Municipal Code or of any previous Code Sections, does not affect any penalty, forfeiture, or liability incurred before, or preclude prosecution and imposition of penalties for any violation occurring before this Ordinance's effective date. Any such repealed part will remain in full force and effect for sustaining action or prosecuting violations occurring before the effective date of this Ordinance.

SECTION 9. Effect of Invalidation. If this entire Ordinance or its application is deemed invalid by a court of competent jurisdiction, any repeal or amendment of the Atascadero Municipal Code or other City Ordinance by this Ordinance will be rendered void and cause such previous Atascadero Municipal Code provision or other City Ordinance to remain in full force and effect for all purposes.

SECTION 10. Severability. If any part of this Ordinance or its application is deemed invalid by a court of competent jurisdiction, the City Council intends that such invalidity will not affect the effectiveness of the remaining provisions or applications and, to this end, the provisions of this Ordinance are severable.

SUBJECT: Aquatics Program Implementation for Summer 2025

RECOMMENDATION:

Council authorize the Director of Administrative Services to allocate \$41,000 in Measure D-20 funds across fiscal years 2024/2025 and 2025/2026 to implement a new Aquatics program for Summer of 2025.

DISCUSSION:

BACKGROUND

The City's Aquatics Program has always been a very popular summer program. Because the City doesn't own a pool, in past years the Atascadero High School (AHS) pool was rented for this purpose and was staffed with City-employed lifeguards. Due to the extensive certifications and safety trainings that are required and the competition from other aquatics programs in the county and the local water park, it became increasingly difficult to hire the necessary number of lifeguards to staff the program. The lack of a sufficient number of lifeguards on staff threatened the success of the program.

In 2018, the City partnered with Kennedy Club Fitness (Club) to resolve this issue. The Club was willing to offer the program at their pools using their certified lifeguards. This was a successful private/public partnership and a good solution for the community. Swim classes were offered from 2018 until the pandemic in 2020 at the same rates that residents and non-residents were used to in the City's recreation programs.

After the pandemic, changes in the Club's organization made it no longer an option to offer the Aquatics Program at the Club. City staff looked for options to re-start this popular program post-pandemic. However, the AHS pool had been deemed inoperable at that time and there was not another viable option in the City to accommodate the program.

2025 Aquatics Program Partnership

The new and improved AHS pool re-opened in May 2024, which was unfortunately not enough time to pull together a program for that summer. Knowing that a partnership with Atascadero Unified School District (AUSD) benefits both the community and AHS students, staff has been working with the AHS Athletics Department to include a City Aquatics Program once again. AUSD and AHS have also been working to implement a class to train students with the certifications necessary to work as a swim instructor or lifeguard, providing a resource for qualified and certified lifeguards for the City's Aquatics Program. Hiring students from the class ensures a successful program for the City and provides AHS students the opportunity for fun and fulfilling summer jobs.

The Aquatics Program will require hiring both an Aquatics Coordinator and Certified Lifeguards. The Aquatics Coordinator position will help in the hiring of lifeguards, planning swim lessons, communicating with the community and filling classes and activities, in addition to programing and managing the swim schedule through the summer. With the possibility of attaining proper certifications through AHS, there has already been interest from the AHS swim students to fill lifeguard positions for the City's program.

Aquatics Program Details

The Aquatics Program was identified as important by the community and Council during the Sales Tax Measure D-20 discussions and if approved, staff recommends funding this program with Measure D-20 revenues. The rebirth of this program supports Council's goals of enhancing quality of life, focusing on recreation services, and bringing back essential programs. It has been a priority for both Council and City staff to bring aquatics back into the portfolio of recreational services for 2025.

As with most recreation services, the City typically subsidizes the Aquatics Program so that it is more affordable to families in the community. Swim lessons and recreational swim revenues will offset a portion of the operating costs.

City staff looks forward to continuing the partnership with AUSD and AHS and building a strong Aquatics program that will launch summer of 2025 and continue for many years to come.
